

Course Guidebook for Nutrition Program Planning and Management

1. General Information of the Course

Course Name:	Nutrition Program Planning and Management
Course Code:	HuNu3142
Course Credits Points:	5hrs
Contact Hours:	3hrs lecture & 2hrs Tutorial per week
Course Module:	Nutrition Intervention /HuNu-M3141
Course Category:	Major
Status of Course:	Compulsory
Pre-Requisites:	Introduction to human Nutrition, Nutrition Throughout the Life Cycle
Students' Department:	Applied Human Nutrition
Degree Program:	BSc. in Human Nutrition
Students' Admission:	Regular
Year of Study:	4th
Semester:	Second Semester
Academic Year:	2023/2024
Course Duration:	From May 2024 to July 2024
Course Chair:	Adonia Damtew
Course Instructors:	Degnet Teferi Email:degnet2006@gmail.com Office: Giyon: 214
Consultation:	Tuesday morning 10:00AM -11:00AM Thursday afternoon 2:00PM-3:30PM

2. Course Description

This course covers concepts and meanings of planning, type and nature of planning, principles of program planning, basics of nutrition program management, steps in nutrition program planning, nutrition advocacy for program support, and monitoring and evaluation of nutrition programs/projects.

3. Objectives of the Course

The main objective of the course work is to familiarize students with the principles and procedures of program design, planning, evaluation and monitoring of nutrition programs and projects.

In particular, the specific objectives of the course are:

1. Familiarize students with the basics of program planning and management
2. Help them able to identify and discuss functional areas of program management
3. Enable them to identify steps in program planning
4. Familiarize students with principles of program monitoring and evaluation

4. Course Learning Outcomes (CLO)

At the end of the course, students will be able to:

No	Course Learning Outcome (CLO)	Performance Indicators (PIs)	Program Student Outcome (PSOs)
1	Describe basic concepts of nutrition program planning and management		
2	Plan a nutrition program		
3	Manage & coordinate nutrition programs		
4	Identify and apply approaches of nutrition advocacy for program support		
5	Monitor and evaluate nutrition projects and programs		

5. The Course Time Schedule and Teaching Methodology

The following topics will be covered in this course within this semester.

Table 1: Time Schedule and Teaching Methodology of the course

Time Schedule	Course Contents	Teaching Methodology and References	Attaining student outcome
Week 1-2	1. Introduction to Nutrition Program Planning and Management 1.1. Definitions of project and program 1.2. Basics of program planning and management 1.3. General principles of planning 1.4. Basics program management	Lecture, peer group Discussions Reference No. 1, page 17-20 & 31-37	Outcome 1
Week 3-5	2. Managing & Coordinating Nutrition Programs 2.1. Functional areas of management 2.2. Responsibilities of program managers	Lecture, peer group discussion, Individual assignments Reference No. 1, page 24-29 & 32-37	Outcome 3
Week 6-9	3. Planning a Nutrition program 3.1. Steps/stages in program planning 3.2. Important tips for program planners 3.3. Why managers fail in planning	Lecture, class activities, project works Reference No. 1, page 24-29 & 32-37	Outcome 2
Week 10-11	4. Nutrition Advocacy for Program Support 4.1. Definition of nutrition advocacy 4.2. The need for nutrition advocacy 4.3. Approaches for nutrition advocacy	Lecture, class activities and assignments Reference No. 1, page 82-87	Outcome 4
	Test/Mid Exam		
Week 12-15	5. Monitoring & Evaluation of Nutrition Programs 5.1 . Definitions of monitoring and evaluation 5.2 . Types of evaluation 5.3 . The needs for monitoring and evaluation 5.4 . Steps of evaluation 5.5 . Monitoring and evaluation framework 5.6 . Who need to do evaluation 5.7 . Frames of evaluation 5.8 . Indicators for monitoring and evaluation	Lecture, Individual assignments, class activities Reference No. 1, page 102-111	Outcome 5
Week 16	Final Exam		

6. Assessment and Evaluation

The course utilizes a variety of continuous assessment and evaluation methods to ensure the successful achievement of course learning outcomes. These methods include assignments, projects, quizzes, midterm exams, final exams, homework, classwork, presentations, and more. It is imperative that all assignments and tasks are completed within the specified deadlines. If you encounter any difficulties with the assignments or tests, please contact the instructor promptly for assistance.

Home works, Assignments and project: Assignments may involve collaborative work for brainstorming and developing general approaches. However, unless specified otherwise, each individual must complete their own submissions. Assignments and projects may entail both individual and group components, with equal participation expected from all group members. While collaboration is encouraged, submitting another individual's work as one's own constitutes academic dishonesty and will incur in penalties. All group members must contribute equally. Timely submission is mandatory, as late submissions will not be graded. Oral exams will accompany assignments and projects, requiring thorough preparation from all members. Additionally, the instructor reserves the right to assign additional tasks or assignments as necessary.

Quizzes: Quizzes serve to assess students' current understanding of the coursework. They are conducted in class following lecture or tutorial sessions.

Mid-term Exam and Final Exam: The exams will be closed book. During exam all necessary materials will be provided by examiner.

Table 2: Summary of Assessments

No	Assessment type	Mark allotted	Content Coverage	Attaining course learning outcome (CLO)	Time Schedule
1	Assignment 1	10	Chapter 2	1	Week 3
2	Quiz Exam	5	Chapter 1 & 2	2	Week 5
3	Assignment 2/project work	10	Chapter 3	3	Week 6
7	Mid exam	25%		1,2	Week 11
13	Final Exam	50%	Chapter 3,4 & 5	3,4,5	Week 16
	Total	100%			

7. Course Policy

Throughout the duration of this course, all students are expected to follow the student code of behavior as outlined in the "Bahir Dar Institute of Technology Senate Mandate Legislation" or "BIT Senate Mandate Legislation, 2021". Academic misconduct, such as cheating, fabrication, and plagiarism, will not be permitted and will be quickly reported to the proper authorities for action. Students who miss more than 15% of the semester's classes will not be eligible to take the final exam. Any student who surpasses the 15% absence level will receive a grade of F (No Grade) and must present valid reasons for their absence, according to Senate law, Art.37.2 and Art 37.3 (a) and (b) for NG management. All students are required to have complete records of course assessments and evaluations. If a student misses a quiz, midterm exam, or any other continuous assessment without a valid reason, they will receive a score of zero. However, if a student fails to attend the final exam or complete a term paper/project without a valid reason, the instructor will record an F (No Grade) according to senate legislation, Art. 40.8.

7. Grading System

The grading scale of the course is fixed scale according to senate legislation of Art. 177.
