

Complaint Summary: UPSC ESIC Nursing Officer Result Irregularities (2024)

Statistically abnormal selection from one exam center signals possible mass cheating or paper leak in the UPSC ESIC Nursing Officer Exam 2024.

134 candidates - all from the roll number range 1800001 to 1800368 - were selected from what appears to be a single center, likely in Jammu & Kashmir. This highly suspicious pattern strongly indicates a potential scam or malpractice.

Candidates across India who could not get through this exam are urged to raise their voice and demand an inquiry.

Below is the list of roll numbers and names from the concerned range:
